

INSTRUCTIONS FOR FREE AGENT PLAYERS

(If you do not have current USA Hockey registration already, you will need to do that first by going to usahockeyregistration.com and registering with USA Hockey):

1. Click on the online reg. button on our league page (<http://panthersiceden.com/hockey/adult/hockey-leagues.html>). This will take you to our registration site where you will see a drop down menu for Registration. Select league registration, then click on Adult League on the left side. Choose your division, and then the system will list a series of three options. You will select “Free Agent – No team.” You will then be asked to either log in or create an account if you do not yet have an account. **DO NOT SELECT CREATE A TEAM OR JOIN A TEAM.** You will be assigned to a team later and will not have to register again once this is done.
2. Complete registrant information. Note: You will have to enter a current USA Hockey confirmation # which the system will validate before you are able to continue. This is required for all players.
 - a. Players have a listed fee of \$0.00; Once you are assigned to a team, you will be listed on the roster. The \$0 fee is just to join the team – this is NOT where you make your payment; ***once on the roster, you will have access to your team’s balance (listed as “Account Balance” on the top right of the home screen); this account balance would be the remaining balance for your team if there is an outstanding amount. Clicking on “Account Balance” will allow you to make a payment towards the team fee in the amount you choose.***
 - b. If you join a team and your team balance is already paid, you will need to pay your captain directly and will not make payments online
3. Complete registration and check out. Finishing the Player registration process will allow players to provide and VALIDATE their current USA Hockey confirmation number, enter their playing background and also complete their waiver for the season. These are required steps.
