

Full equipment is required for All hockey programs at the Florida Panthers IceDen, beginning with Hockey 101 (Stanley C. Hockey) and Hockey 201 (Youth Learn to Play Hockey) and continuing through ALL youth and adult open hockey, camp, clinic and league programs. Parents of youth hockey players in particular may be inclined to think that they can purchase equipment so that the child can “grow into it,” but doing so may increase his or her risk of injury on the ice. For OPTIMAL protection, it is highly recommended that you select equipment that fits comfortably rather than equipment that is too small or large. This will ensure that you have the proper protection to minimize your risk of injury.
